Club Objective

This club is designed to emphasize improvement of fundamentals and techniques related to each member's position and skill level. Members will be coached in offensive, defensive, speed/agility, and weight training fundamentals. We strive to give our younger members a solid well-rounded curriculum that allows opportunities for participation with a variety of positions and skills. For our advanced members, we will continue to build and monitor growth from previous experiences in the game of football, health, and overall physical fitness. Emphasis with all members is placed on teaching those extra little things that will give them the edge. Particular attention is given toward increasing the self-esteem and psychological development of each camper. Our goal is for each member to have a safe and positive experience. We stress individual attention, improving skill level, and having an enjoyable time! Our club is a club that is open to all high school age athletes.

Tuition Football Air \$225
